

“Testing Report of Websites Application Report ”

Issue Points:-

1. **Title:** Missing validation and country update on Registration screen for UAE numbers (815-Donor Register)

Module: Website → Registration Screen

Repro Steps:

1. Open **Registration** screen.
2. Select **Bangladesh** as country.
3. Enter **UAE mobile number** and submit.

Expected Result:

- System should validate mobile number format according to **selected country**.
- Country list should include **UAE** for correct validation.

Actual Result:

- **UAE** is missing from the country list.
- **No validation** appears when entering a UAE number under another country.

Status: Open

Priority: Medium

Severity: Major

Register a new account

Full name: Abidagul

Email: abidagul93@gmail.com

Country Code: Bangladesh

Phone: 0563836371

Password:

Confirm Password:

Register

Already have an account ? [Log in](#)

2. **Title:** Country code list empty after initial loader on Registration screen

Module: Website → Registration Screen

Repro Steps:

1. Open **Registration** screen.
2. Wait until the **initial loader** finishes.

Expected Result:

- After the loader, the **country code list** should load and display all available countries.

Actual Result:

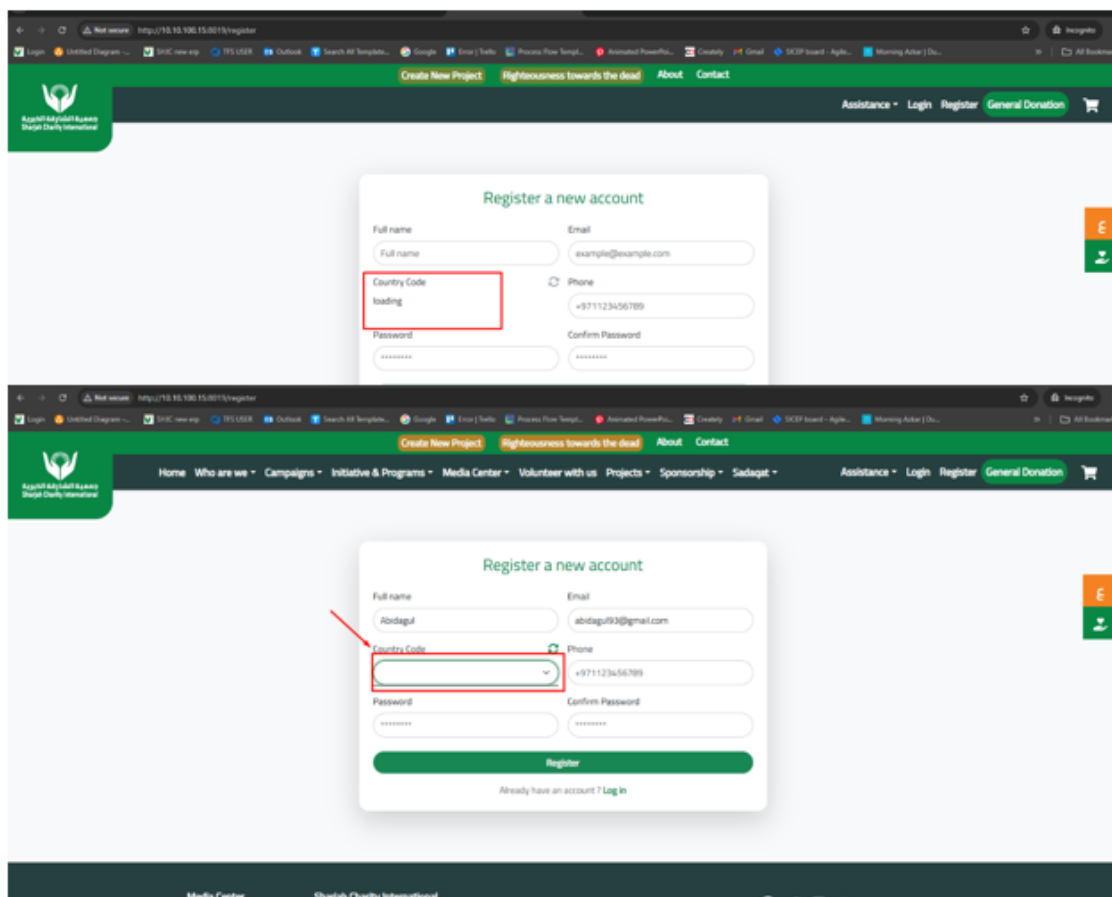

- Once the loader completes, the **country code list** appears **empty**.

Status: Open

Priority: High

Severity: Critical

<http://10.10.100.15:8019/register>

3. **Title:** Forgot Password reset not working — old password stopped working after reset attempt

Module: Website → Login / Forgot Password

Repro Steps:

1. Register a new account and log in successfully with the initial password.
2. Use the **Forgot Password** option and reset the password.
3. Try to log in again using the **new password** (and with the **old password**).

Expected Result:

- User should be able to log in with the **new password** after reset.

Actual Result:

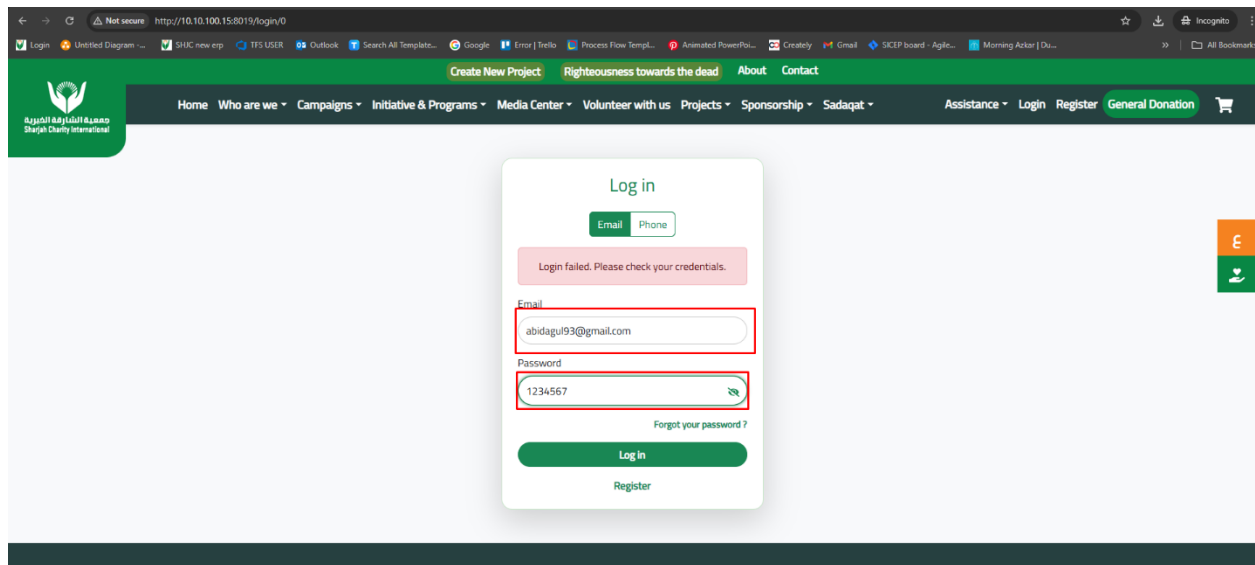

- Login fails with both **new** and **old passwords**.
- Password reset appears incomplete or not saved.

Status: Open

Priority: High

Severity: Critical

<http://10.10.100.15:8019/login/0>

4.**Title:** Password visibility icon appears below input field instead of inline on Registration screen

Module: Website → Registration Screen

Repro Steps:

1. Open **Registration** screen.
2. Enter a password in the **Password** field.
3. Observe the **visibility (eye)** icon position.

Expected Result:

- Password visibility icon should appear **inline** within the password field.

Actual Result:

- Icon appears **below** the password field after entering text manually.

Status: Open

Priority: Medium

Severity: Minor UI Issue

The screenshot shows the 'Register a new account' form on the Shaigh Charity International website. The form is titled 'Register a new account' and contains the following fields: Full name (Abidagul), Email (abidagul93@gmail.com), Country Code (Bangladesh), and Phone (0563836371). The Password and Confirm Password fields are highlighted with a red box. The Password field shows a visibility icon (eye) below the input field, and the Confirm Password field shows a visibility icon (eye) to the right of the input field. A red box also highlights the 'Passwords do not match' error message below the Confirm Password field. The Register button is at the bottom of the form.

5. **Title:** Duplicate donor registration allowed with same data

Module: Website → Registration Screen

Repro Steps:

1. Open **Registration** screen.
2. Enter valid donor details and complete registration.
3. Re-enter the **same details** and submit again.

Expected Result:

- System should **restrict duplicate donor creation** and show a validation message (e.g., “Donor already exists”).

Actual Result:

- System allows **duplicate donor registration** with identical data.

Status: Open

Priority: High

Severity: Major

<http://10.10.100.15:8019/register>

6. **Title:** After donation, system redirects to old design/live URL instead of showing receipt

Module: Website → Donation → Payment Detail

Repro Steps:

1. Open **New Project** and click **Donate Now**.
2. Enter all valid payment details and submit.
3. Wait for the receipt page to load.

Expected Result:

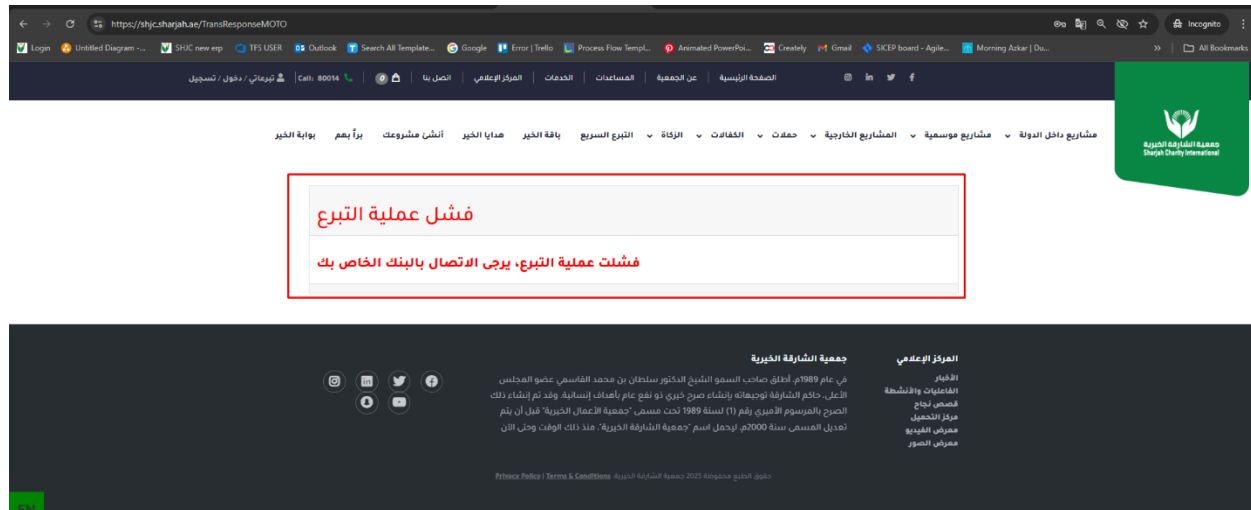

- System should display the **receipt page** in the **new design** after successful donation.

Actual Result:

- System redirects to the **old design/live URL** instead of showing the receipt.

Status: Open
Priority: High
Severity: Major

<https://shjc.sharjah.ae/TransResponseMOTO>

7. **Title:** Search filter in Family Project not working as per old design

Module: Mobile App → Home → Family Project Section

Repro Steps:

1. Open **Family Project** section.
2. Use the **search filter** for any project.
3. Compare results with the **old design** behavior.

Expected Result:

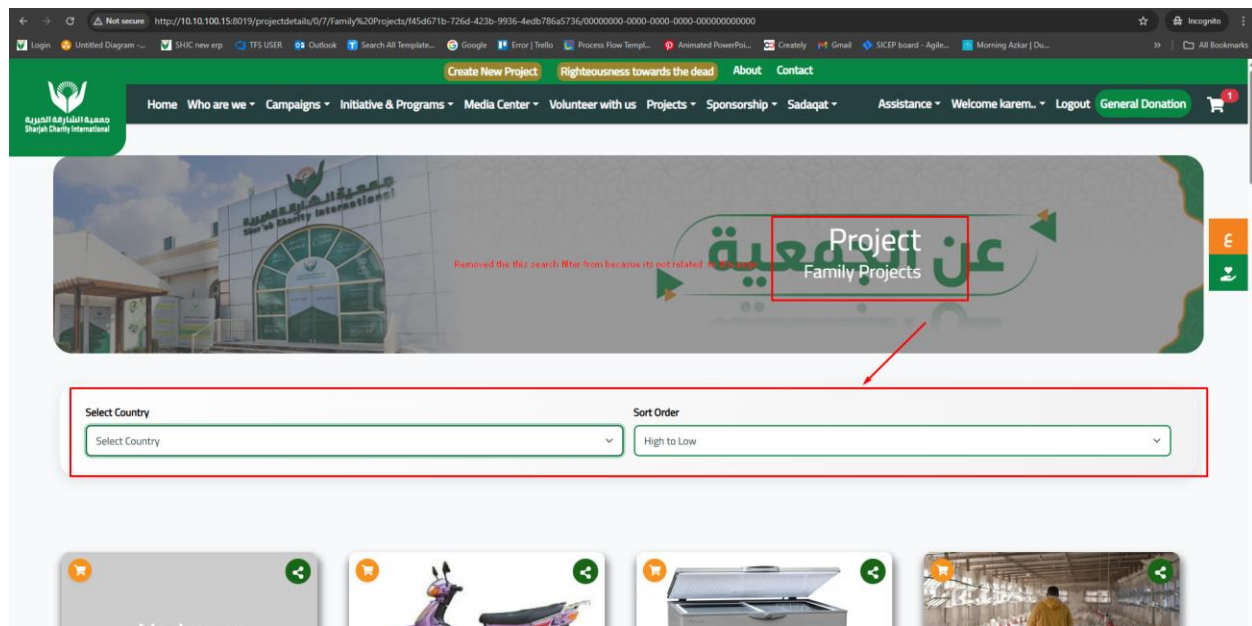

- Search filter should work **exactly as in the old design**, showing accurate results.

Actual Result:

- Filter results are **incorrect** and do **not match old design behavior**.

Status: Open
Priority: Medium
Severity: Major

<http://10.10.100.15:8019/projectdetails/0/7/Family%20Projects/f45d671b-726d-423b-9936-4edb786a5736/00000000-0000-0000-0000-000000000000>

8. **Title:** Empty screen shown on second project click in Create Project list

Module: Mobile App → Home → Create Project

Repro Steps:

1. Open **Create Project** list.
2. Click on the **first project** — it opens correctly.
3. Go back and click on a **second project**.

Expected Result:

- Second project should open **correctly**, displaying its details.

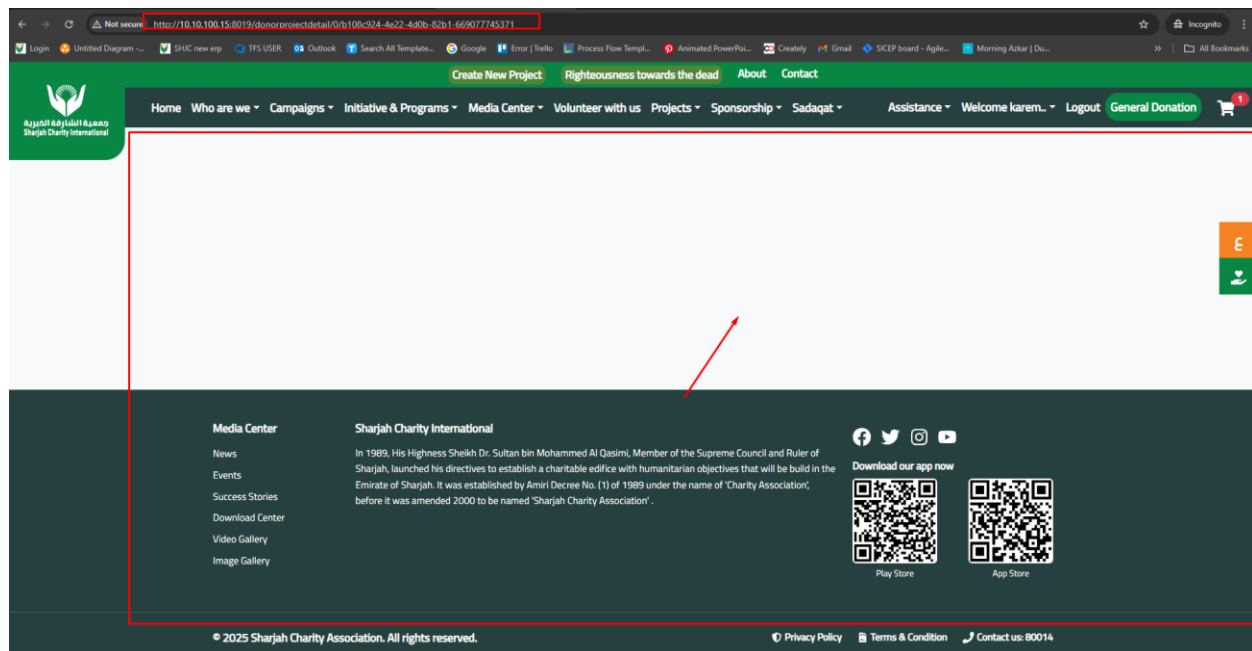

Actual Result:

- **Empty screen** is shown for the second project click.

Status: Open

Priority: High

Severity: Major

9. **Title:** Incorrect search functionality in Project section (Clinic module)

Module: Project → Clinic (All sections)

Repro Steps:

1. Go to **Project section** → **Clinic**.
2. Try to use the **search field** to find any record.

Expected Result:

- Search should display accurate and relevant results based on entered keywords.

Actual Result:

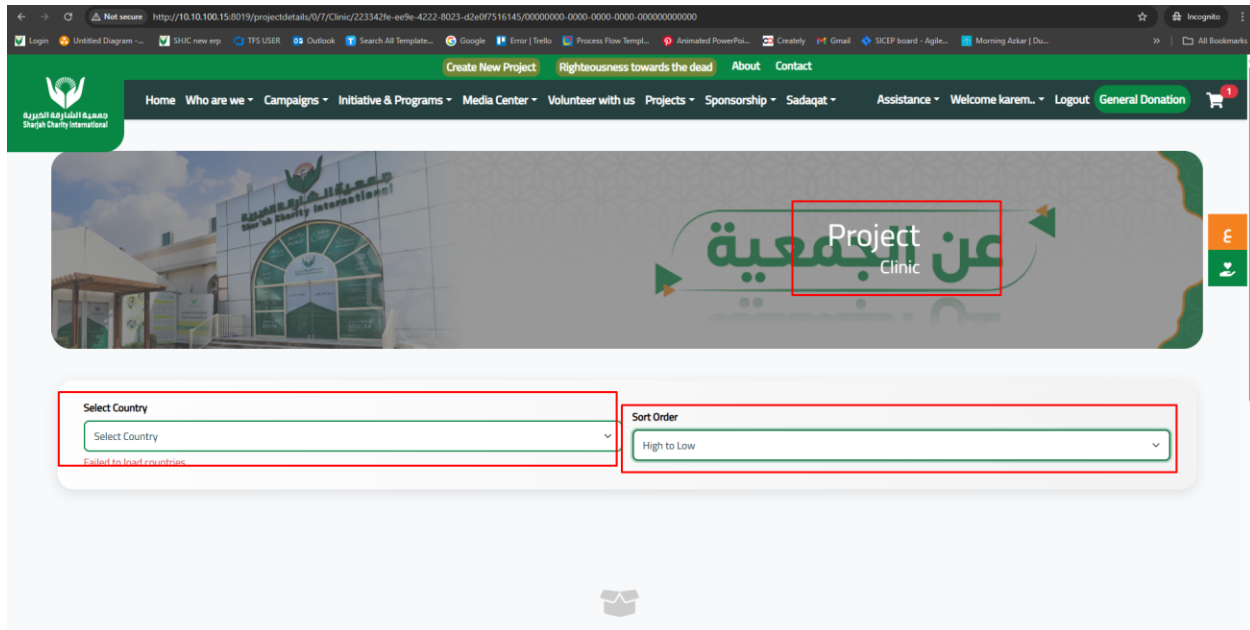

- Search results are **incorrect or mismatched** with the search input.

Status: Open

Priority: Medium

Severity: Major

<http://10.10.100.15:8019/projectdetails/0/7/Clinic/223342fe-ee9e-4222-8023-d2e0f7516145/00000000-0000-0000-0000-000000000000>

10. **Title:** Sponsorship section cards and payment details not matching old design

Module: Sponsorship

Repro Steps:

1. Navigate to **Sponsorship** section.
2. Observe the **cards layout** and **payment details** displayed.
3. Compare with the **previous (old) design**.

Expected Result:

- Cards and payment details should **match the old design layout and data format**.

Actual Result:

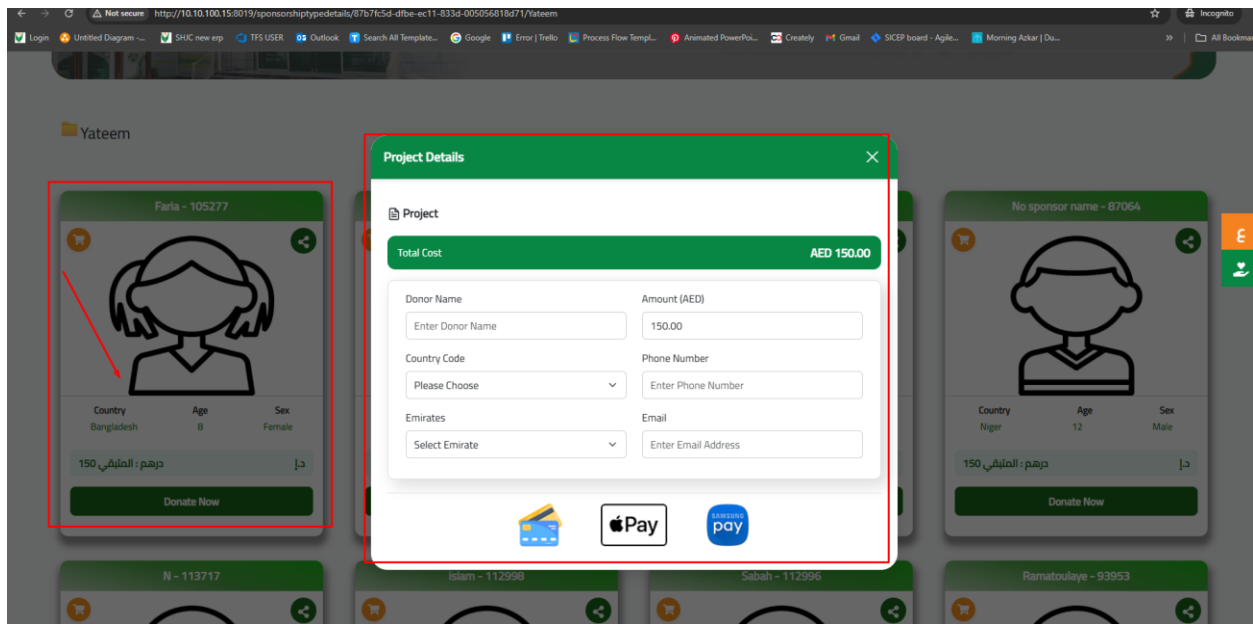

- Cards are **not aligned or designed as per the old version**.
- **Payment details differ** from the old design.

Status: Open

Priority: High

Severity: Major

<http://10.10.100.15:8019/sponsorshiptypedetails/87b7fc5d-dfbe-ec11-833d-005056818d71/Yateem>

11. **Title:** Search filters in Sponsorship module are incorrectly designed compared to old version

Module: Sponsorship (All sections)

Repro Steps:

1. Open **each section** under the Sponsorship module.
2. Check the **search filters** used in every section.
3. Compare them with the **old design** filters.

Expected Result:

- Search filters should follow the **same structure, layout, and logic as the old design.**
- **Filters should not reset or change dynamically** when navigating between sections.

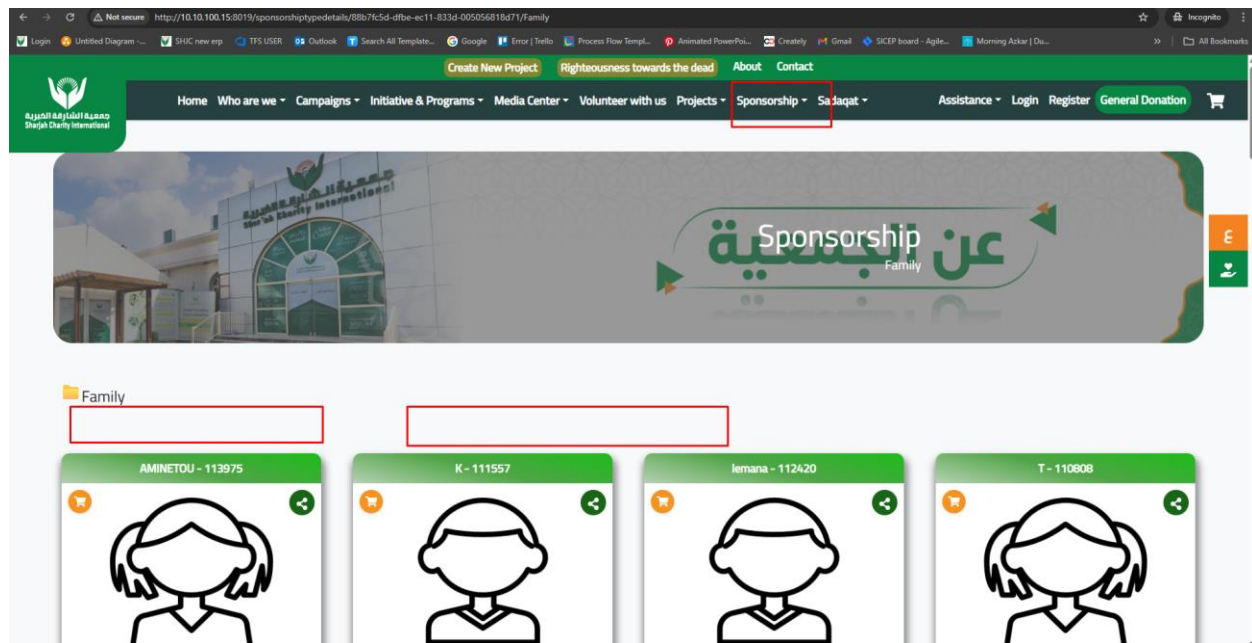

Actual Result:

- Search filters are **incorrectly designed.**
- **Filter fields and data vary** across sections.
- Behavior and UI **do not match the old version.**

Status: Open

Priority: High

Severity: Major

12. **Title:** Initiative & Programme section submenus not clickable and not redirecting correctly

Module: Websites → Initiative / Programme Sections

Repro Steps:

1. Open **Websites**.
2. Navigate to **Initiative** section → try clicking submenus.
3. Navigate to **Programme** section → try clicking submenus.

Actual Result:

- Some submenus are **not clickable**.
- When clicked, they **do not redirect** to the correct page.

Expected Result:

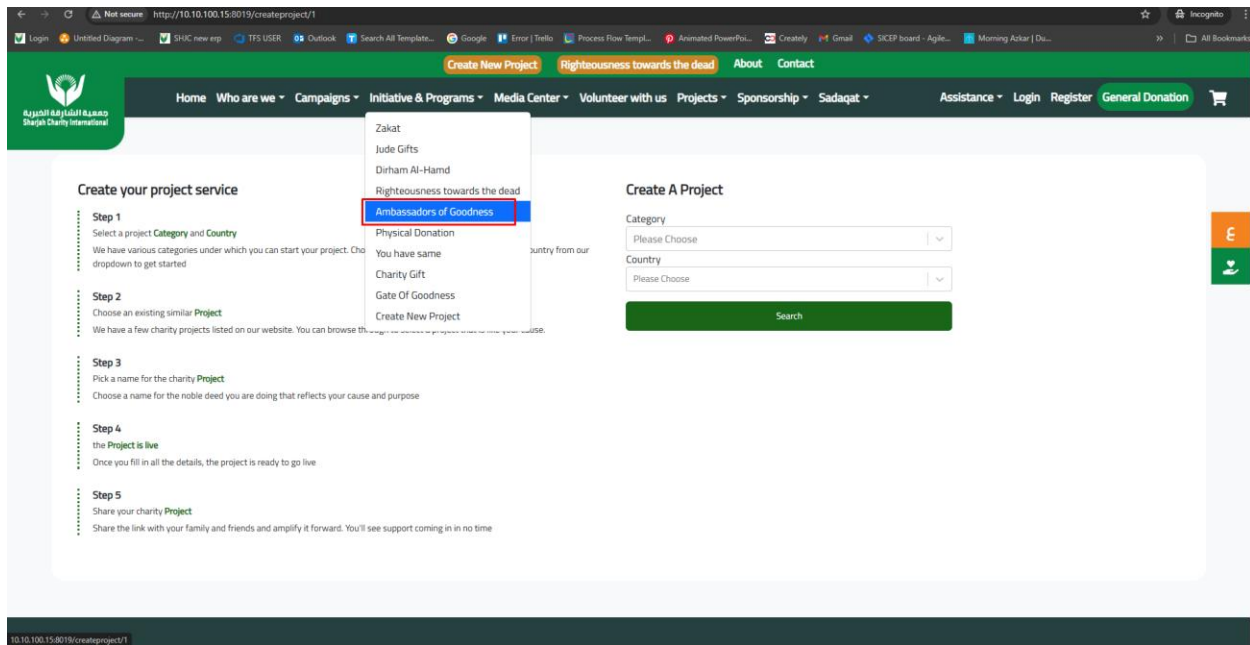

- All submenus under **Initiative** and **Programme** should be **clickable**.
- Clicking should **redirect to the exact corresponding page**.

Impact:

- Users cannot access certain pages / content.
- Affects navigation and overall UX.

Severity: Medium

Priority: High

Title: Charity logo missing in Gmail for “Forget Password” email

Module: Authentication → Forget Password Email

Repro Steps:

1. Go to **Forget Password** on the website.
2. Enter a registered email and submit.
3. Open the received email in **Gmail**.

Actual Result:

- Email text is received correctly.
- **Charity logo image does not display** (broken/missing image).

Expected Result:

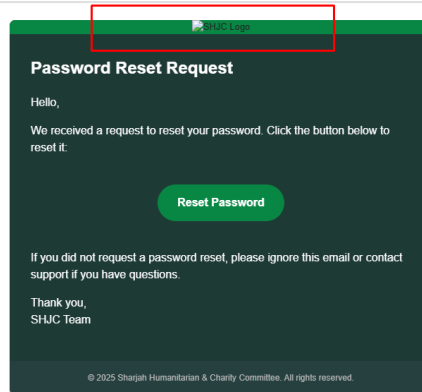

- Email should display the **Charity logo image correctly** in Gmail.

Impact:

- Affects branding / professional appearance of emails.

Severity: Low-Medium

Priority: Medium

← Reply → Forward ☺

13. **Title:** Project list does not load any data — only empty dropdowns displayed

Module: Project → Create Project List

Repro Steps:

1. Open **Create Project List** screen.
2. Click to view the project list.

Actual Result:

- No project data is loaded.
- Only dropdowns and empty fields are visible.

Expected Result:

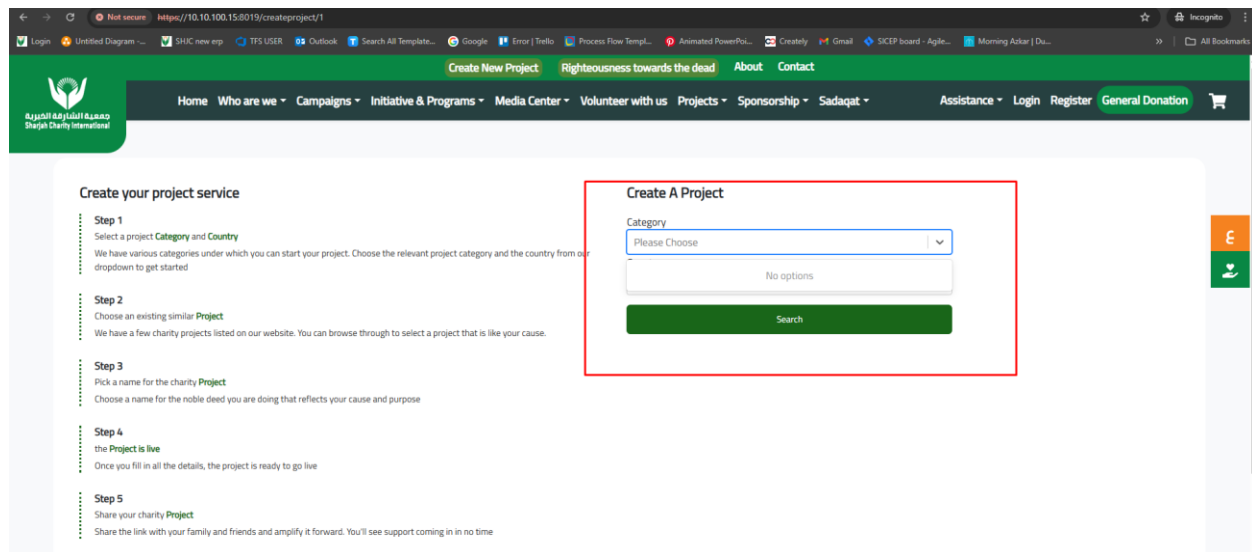

- All relevant project data should **load and display correctly**.
- Dropdowns should be populated with corresponding options.

Impact:

- Users cannot select or process projects.
- Blocks project creation workflow.

Severity: High

Priority: High

Title: “Donate Now” in Project Payment shows 500 Failed Status message

Module: Project → Payment → Donate Now

Repro Steps:

1. Open **Project Payment** screen.
2. Click **Donate Now** for any project.
3. Enter payment details and submit.

Actual Result:

- System shows “**500 Failed Status**” message.
- Payment entry is **not processed**.

Expected Result:

- Payment should be processed successfully.
- Confirmation or receipt should be generated.

Impact:

- Donors cannot complete payments.
- Blocks revenue and contribution tracking.

Severity: High

Priority: High
